Dear Sir,

Sub: Requesting to permission for industrial visit- Reg

As you may be aware Sri Mittapalli College of Engineering, Guntur is one of the most reputed engineering institution and Accredited by NAAC in Andhra Pradesh and known for its excellent record in academics and co-circular activities. The college offers bachelor degree in ECE, CSE, MECH, EEE & CIVIL Engineering streams.

As a part of the curiculum, the students are required to undertake Industrial Visits to a few reputed industries. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation if practical applications of theory.

In above back ground, we would like to visit send a batch of about 100 students from ECE branch of IV/IV year accompanied by 4 staff members to visit India's most prestigious and successful space research centre SATISH DHAWAN SPACE CENTRE (SDSC), Sriharikota, preferable slot in the next month September-2019, according to your convenient date and time.

I request you to kindly accord the necessary permission and provide a slot of one day for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your organization for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for your favourable response.

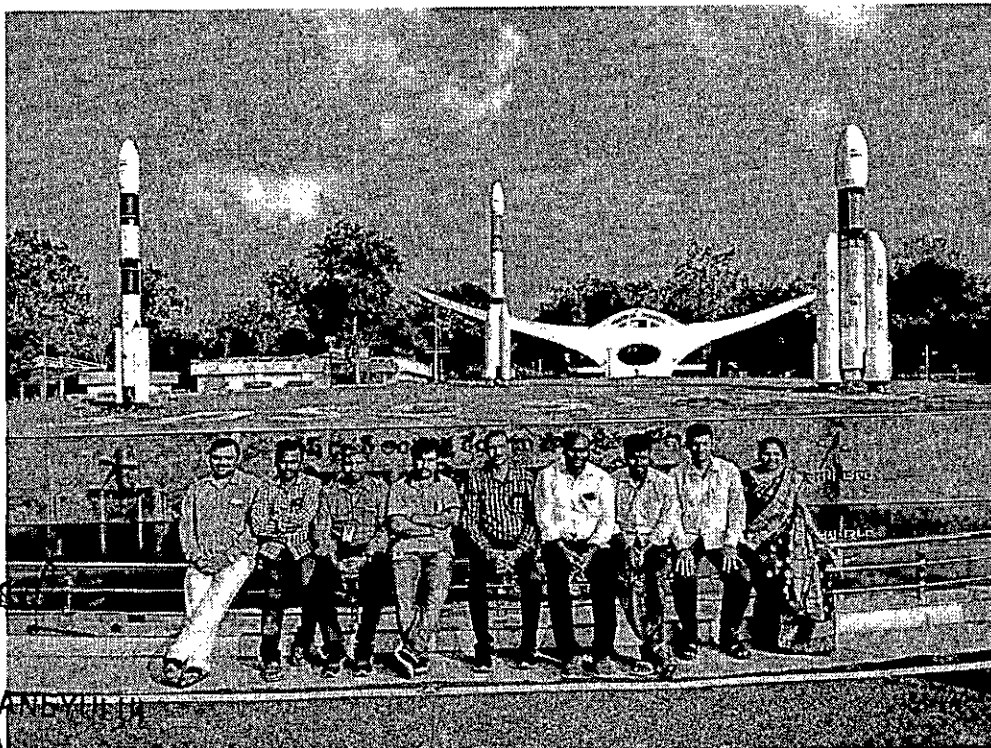

Thanking you

Yours faithfully,

In above back ground, we would like to send a batch of about **80** students of **ECE** branch of IV year accompanied by 4 staff members to visit **Radar Kendra radio station**, Machilipatnam, preferable slot in the next month **September-2019**, according to your convenient date and time.

I request you to kindly accord the necessary permission and provide a slot of one day for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your organization for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for a favourable response.

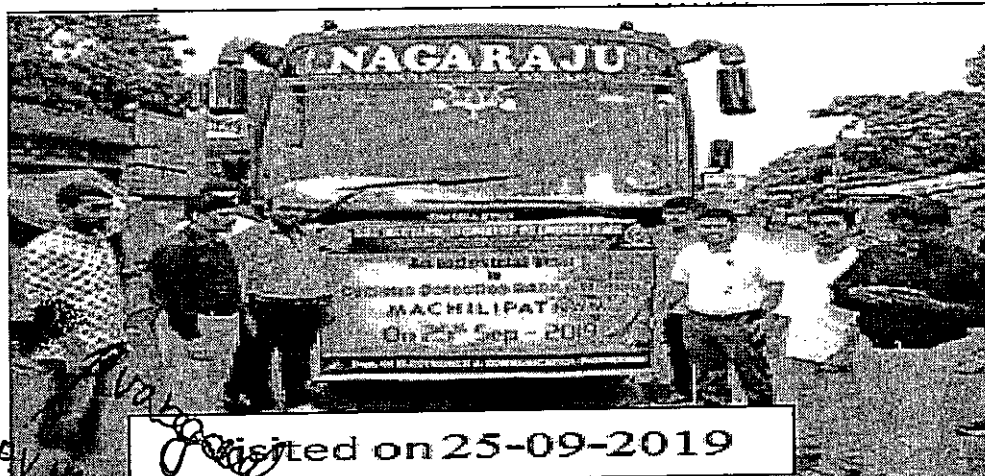

Thanking you
