

29. RIGHT TO INFORMATION CELL

Right to Information (RTI) is the right of every citizen in India. Student is also a citizen of India. As applicability of RTI is vast, so the object of the paper is confined to students so that students could gain their entitled information and secure admissions in educational institutions of their choice. In the present day public activity, information is an essential part and it helps in taking right decisions in right time.

Information is useful to students in many ways like information relating to admissions procedure, eligibility criteria, circulars from the university, fees reimbursement information government, scholarship schemes for reservation categories will be provided by the institution. The institution is having the website for providing information to students and public.

Functions:

- Particulars of organization, functions and duties.
- Powers and duties of employees. Procedure followed in the decision making process, including channels of supervision and accountability.
- Norms set by it for the discharge of its functions.
- The rules, regulations, instructions, manuals and records, held by it or under its control or used by its employees for discharging its functions.
- Providing information to the students from the public domain, institution domain regarding Academics, Career Opportunities and Skill Development. Statement of the committees and other bodies.
